100,000 sq ft of Grade A office space.
Future-focused. Future-ready. Future Works.

Explore the
building

Overview

The greenest building in Slough – literally

The goal from day one has been to make a positive difference. To the health and wellbeing of everyone who works and visits – and to the environment.

Photovoltaic panels, rainwater harvesting, high efficiency LED lighting, smart metering, ventilation heat recovery and electric car-charging points. BREEAM Excellent, WiredScore Platinum and the UK's first AirScore Platinum accreditation. The Future Works has everything you want, and a few things you didn't even know you needed.

THE FUTURE WORKS COMMUNAL ROOF TERRACE

Overview

Going to work never tasted so good

Peckish? Good, because the best little café in town just happens to be right where you work. We're talking breakfast pots; bruschetta; seared tuna; kimchi; club sarnies; cakes, hot from the oven...

So what will it be? A robot-filled meal deal, or fresh food made with love, from Lucy's Kitchen? Decisions, decisions.

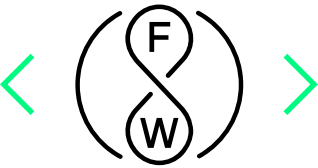

Eat in, take away, hospitality offering - Lucy's Kitchen has it all.

Lucy's Kitchen is open NOW

Overview

The Building

Come on in

Space, space and more space.
Modern, stunning, flexible, and
wow, just check out those views.

The Building

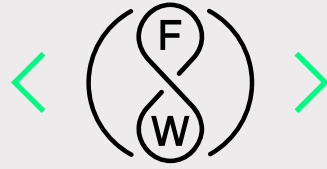

A building that makes an impression

Shy and retiring, The Future Works is most definitely not. As soon as you step through the door into the double-height reception, you know this is no ordinary work environment. Spacious, light, modern and stylish. Perfect for any organisation that wants to make a powerful first impression.

Think different, work different.

Location

Right here, right Slough

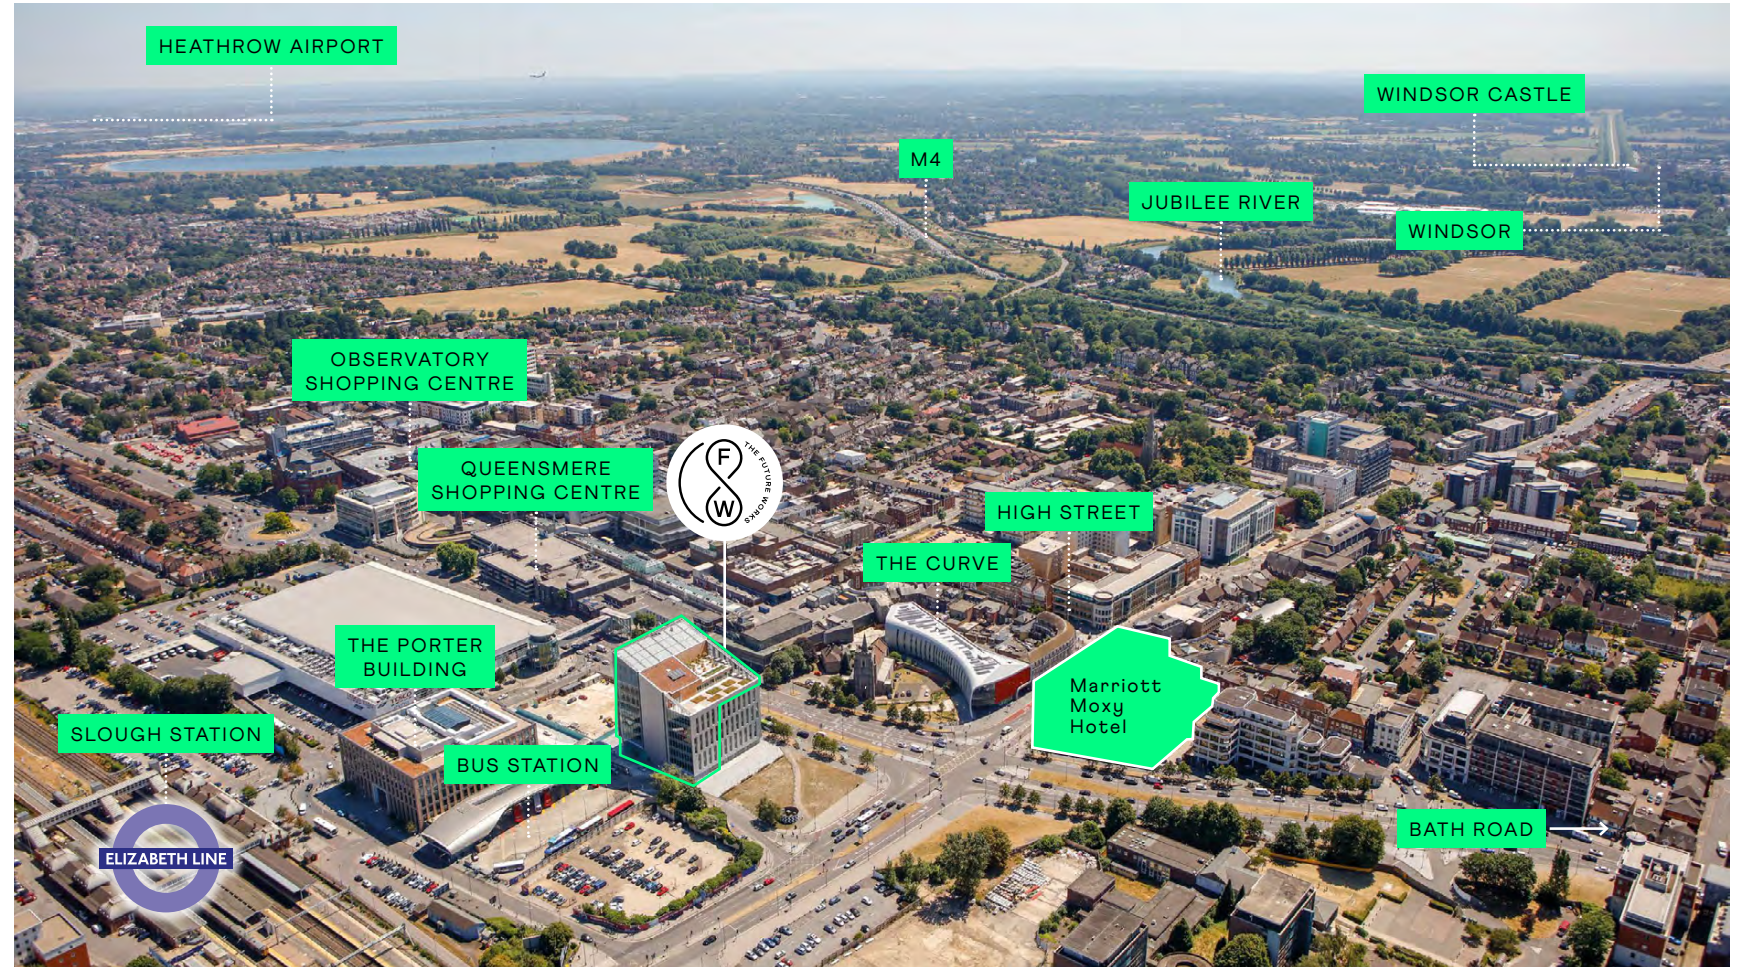

Slough. 14 minutes by train from Paddington and Heathrow, and slap bang in the middle of the Thames Valley. Centre for Cities calls it 'the most productive location in the UK'. And at the heart of it all is The Future Works. Two minutes to the train station, right next to the bus station, surrounded by leisure facilities and amazing countryside. It's got it all. Right here, right Slough.

Paddington (rail) 14 mins

Bond St (Elizabeth Line) 30 mins

Location

Just a step outside London

The Future Works is connected to every corner of the UK. And with Heathrow just 15 minutes away – the world.

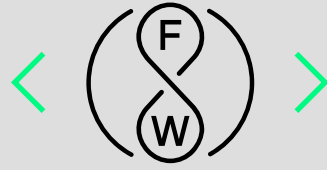

By road, cycle path, bus or train; The Future Works couldn't be better connected. Grab your jacket and a two-minute walk later you're at the train station. And if that's not close enough for you, the bus station is literally seconds away.

There's lots of secure basement parking and charging points on site. And with so much bike space, it's an eco-commuters dream come true. Plus, the Elizabeth Line is up and running, which zips to Bond Street in 30 minutes flat.

Think different, work different.
thefutureworksslough.com

Travel Connections

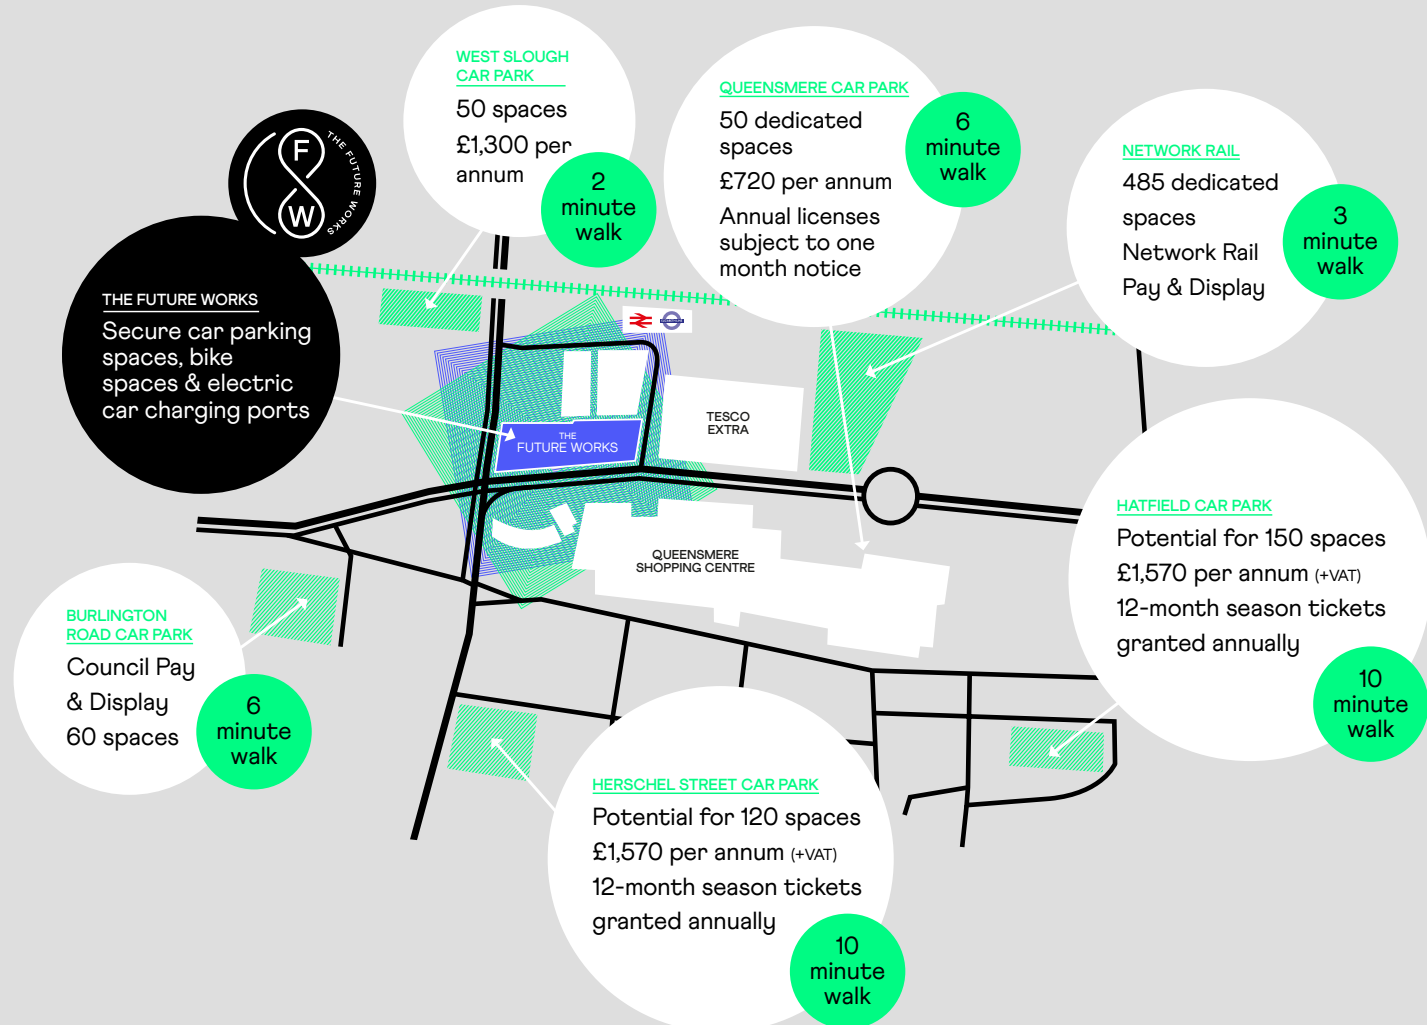

Location

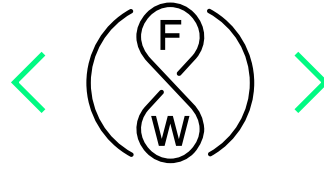

A walk in the (car) park

Getting here is easy-peasy. And if you're coming by car, we've got secure car parking on site (along with bike spaces and electric charging points). Then there are hundreds more parking spaces close by, with options for annual season tickets or pay and display.

The Future Works = 48 car parking spaces + 5 electric car charging spaces

Parking ratio: 1:2200

Location

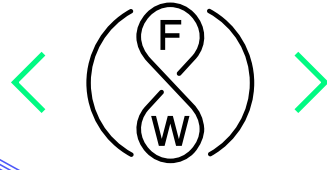

Slough's got talent

There are big changes coming to Slough: investment, people and business. A massive amount of money is being poured into education, housing, retail and transport. £450m is going into new town centre developments and £3.5bn into regeneration across the borough.

35% who moved here in the last 2 years are under 40. And 20% of those came from London – no surprise, being so well connected and housing at around half the price. With London-quality apartments from the likes of Berkeley Homes, a diverse and vibrant community of young professionals is growing, which is great for local employers.

There are 4,600 businesses located in Slough, employing diverse talent from a significant talent pool in the surrounding areas.

The future's Slough-shaped

Located at the centre of the Thames Valley, Slough is the most productive location in the UK.* It was also named UK's Best Place to Work in 2017, 2018 2019 and 2020.**

* Centre for Cities, 'The role of place in the UK's productivity puzzle' (2017)

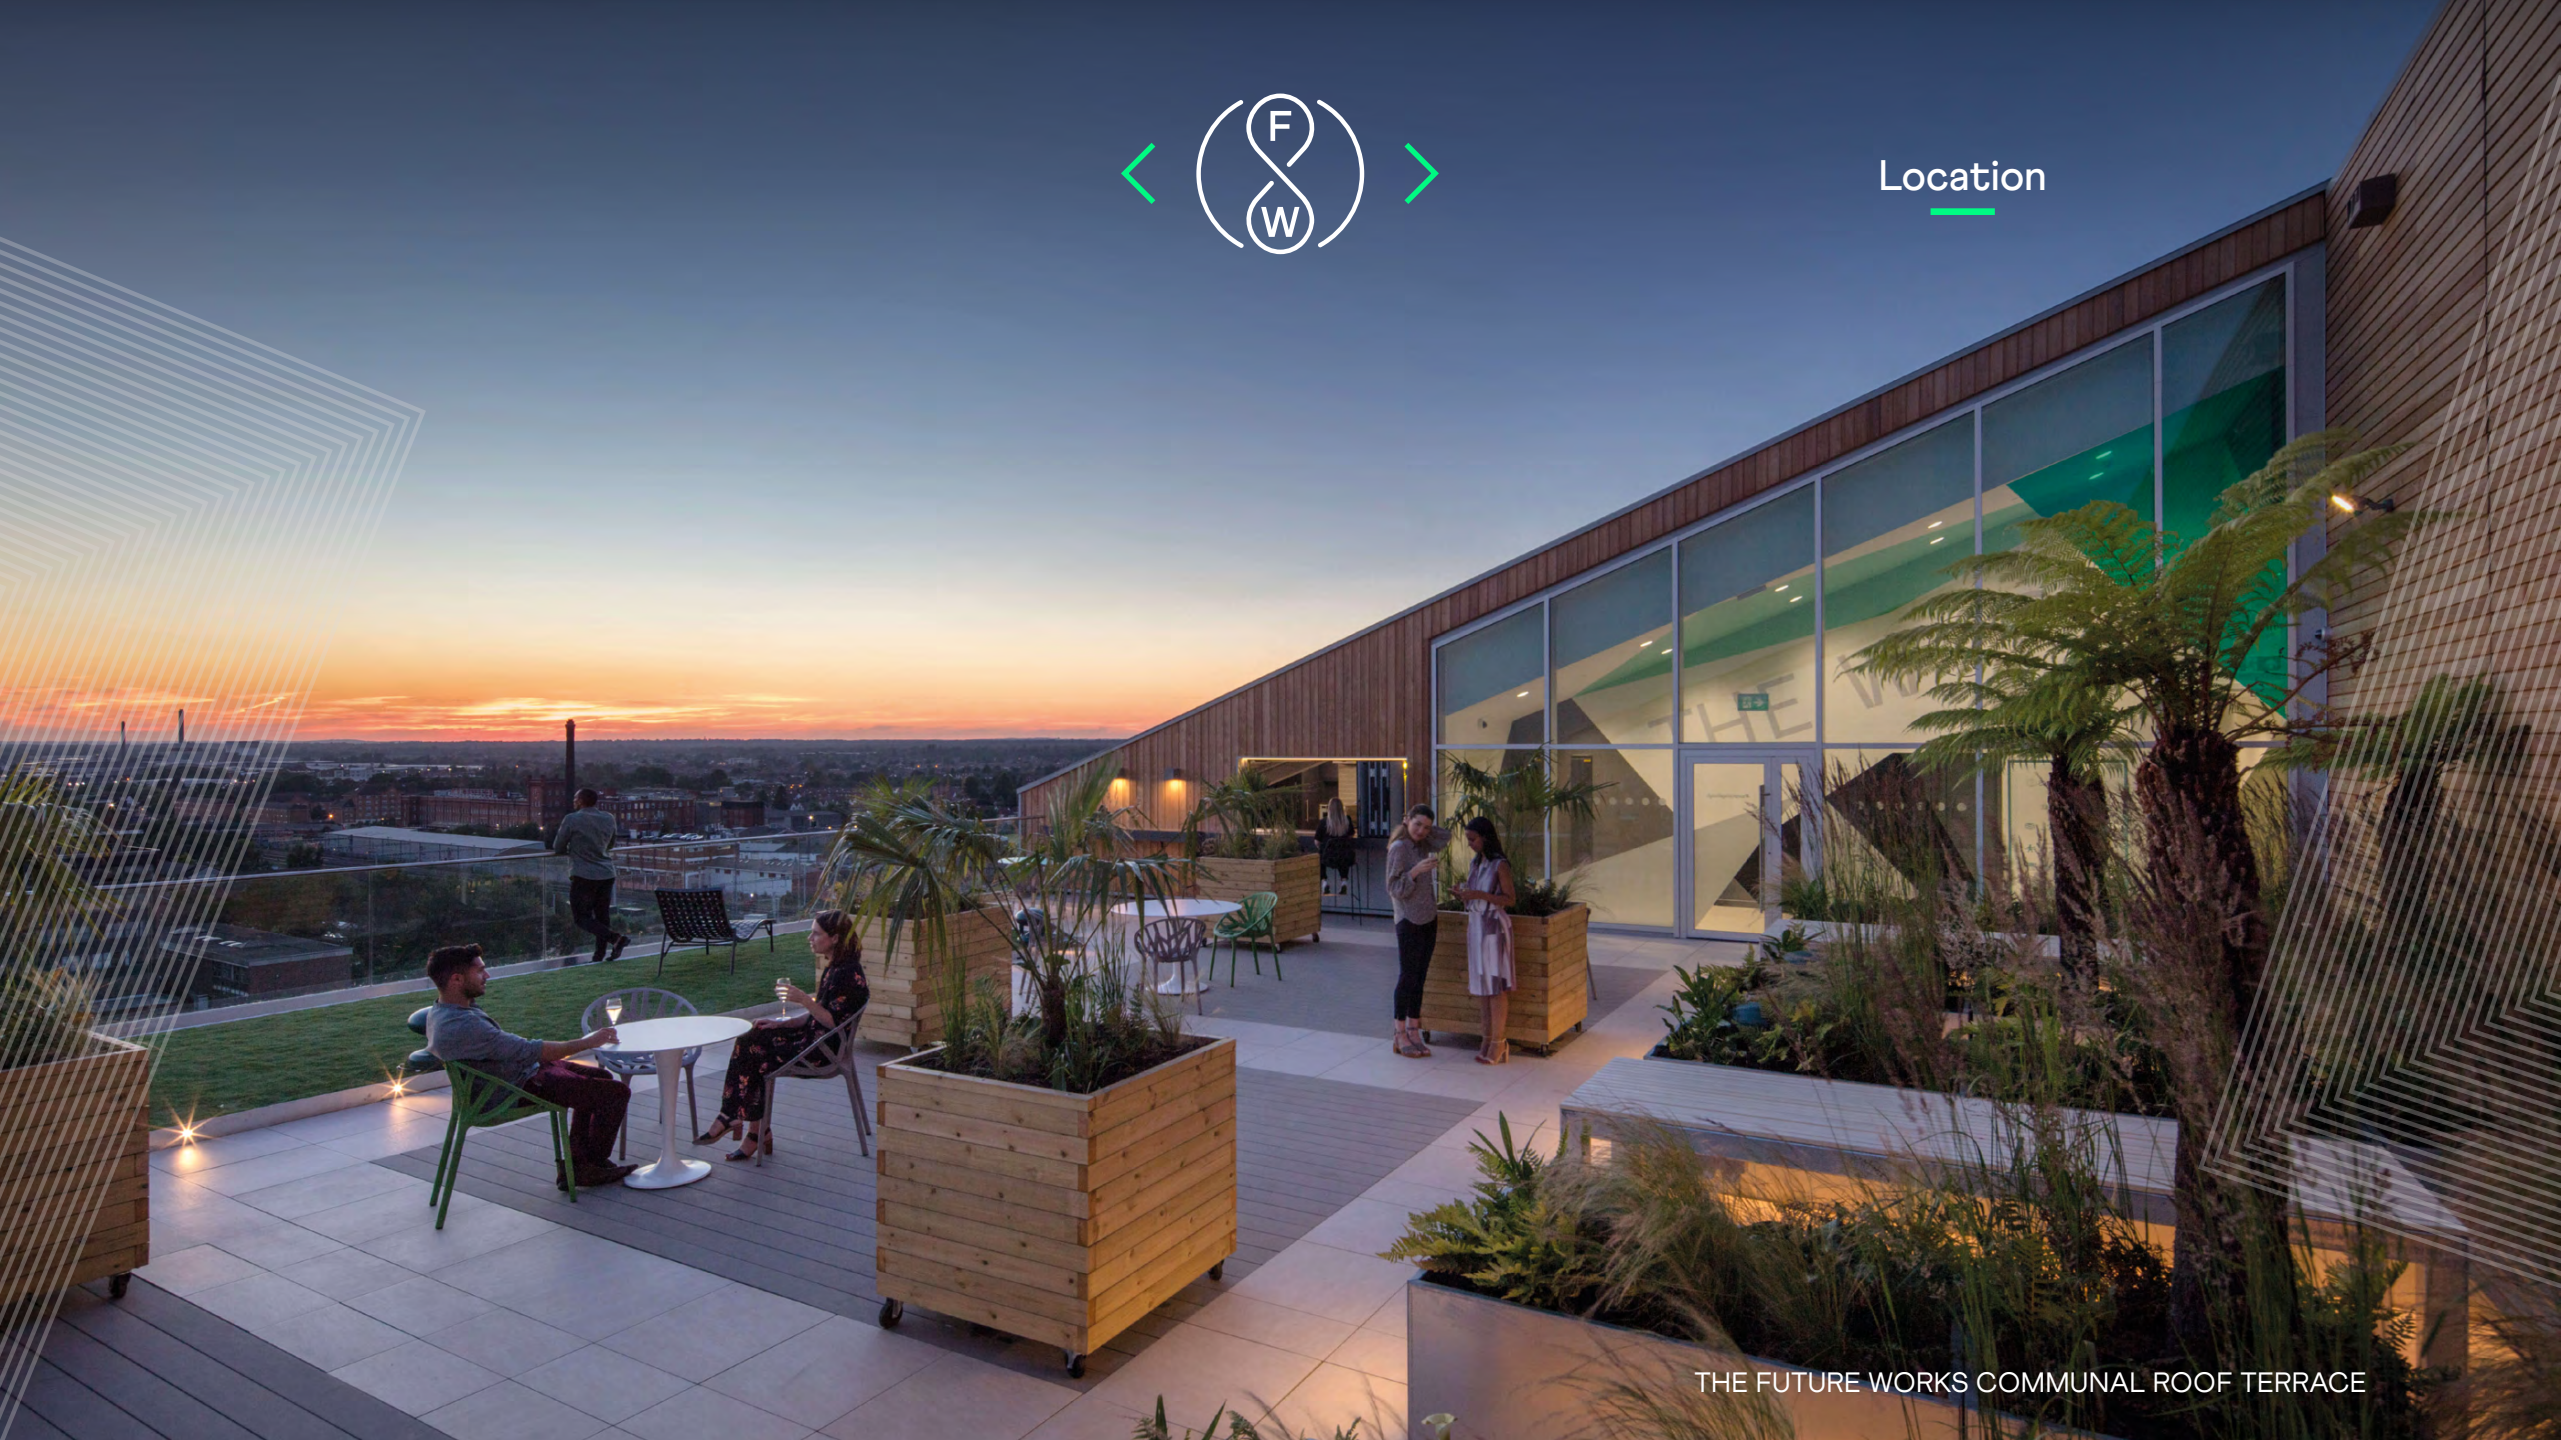

** Glassdoor, Best Places to Work
